

# Southern Tier R/C Swap Shop

Volume 5, Number 20

September 28<sup>th</sup>, 2017

## Swap Shop Policies

- 1) You may post an ad advertising something for sale, or an ad stating that you are looking for a particular item.
- 2) No cost to place an ad for members of the AGS, MOB, Aeros, and Valley R/C Flyers. Those outside the area that is serviced by these clubs may post an ad for the cost of \$5.00 per ad, payable via Pay Pal to the Editor's e-mail address below.
- 3) No commission will be charged if an item is sold.
- 4) All transactions will take place directly between the seller and the buyer, and they are responsible for resolving all disputes connected with the sale.
- 5) People who want to sell something will send the information, including a photo if possible, via email. This must include the item description, price, seller's name, and seller's e-mail address or phone number.
- 6) If someone wants to buy a particular item they will send an email stating what they are looking for, and giving their name and email address or phone number.
- 7) The newsletter will be distributed via e-mail, bi-weekly, at no cost. The newsletter will be sent to each club's contact person and then they will distribute it to their membership.
- 8) Ads for items which have not sold in six months will be deleted unless the seller requests that they be kept in the newsletter for an additional six months time.

The Southern Tier R/C Swap Shop Newsletter is published bi-weekly by Bob Balsie as a service to the local modeling community. Please send information on items for sale, or items that are desired, to the editor at [a10hog@stny.rr.com](mailto:a10hog@stny.rr.com). Please inform the editor in a timely manner if your item sells.

## **Large collection of Flying Models Magazines.**

Here is what I have available:

January 1978 thru December 1980

January 2004 thru December 2005

January 2006 thru December 2007

January 2008 thru December 2009

January 2010 thru December 2011

January 2012 thru December 2013

Another group from 1990 thru 1991. This set is not complete.

Each of the groups above comes with a cardboard magazine holder. All of these magazines are in great condition. Lots of good stuff in them, including planes to scratch build. Plans for the planes shown in these magazines are still available at:

[www.flying-models.com](http://www.flying-models.com).

**THESE MAGAZINES ARE FREE TO A GOOD HOME!**
